ODBC is the sending church for Eric & Lisa Simpson. The Simpson's serve in Rossington, Doncaster, England. Many doors have been opened for further ministry and growth over recent months. The church currently meets in a community center that is only yards from the Simpson's home. Both church and home are located across the street from a school that allows Eric to come in and hold assemblies where he is able to share about God and encourage the children to attend their church. A recent opportunity that has developed is the use of some space in the school, that will hopefully one day be able to be used as a church office and perhaps more opportunities in the future to expand the partnership between the church and school. God is at work in Rossington. Please remember the Simpson family in prayer.
